Experience

UI/UX designer

2022 – 2023

Brilliant studio

This is a web studio that develops websites using various technologies. Previously, I collaborated with this studio on a project basis, currently I work for them on a half-time basis. I develop sites in figma.

2023

TRT express/ TRT international/ TRT shopping

This is a logistics company that has several directions, it specializes in delivery all over the world. My job was to draw creatives for posts on the network, e-mails, advertising, posts for recruitment, and I was also involved in entering pages in social networks. I developed a new site design for the company, which is much more understandable and modern for our users. I also have experience in testing sites. Worked with managers, marketers, developers.
